

EX.NO.:03	PAYSLIP GENERATION
DATE: 22-07-19	

## AIM:

To develop a java program to generate payslip for the employees with their gross and net salary

## REQUIREMENT:

Develop a java console application to create a package payroll to create the class employee with emp\_name, emp\_id, address, mail ID, mobile\_no. As data member

## ALGORITHM:

STEP-1 Declare a package payroll

STEP-2 Declare the class as employee.

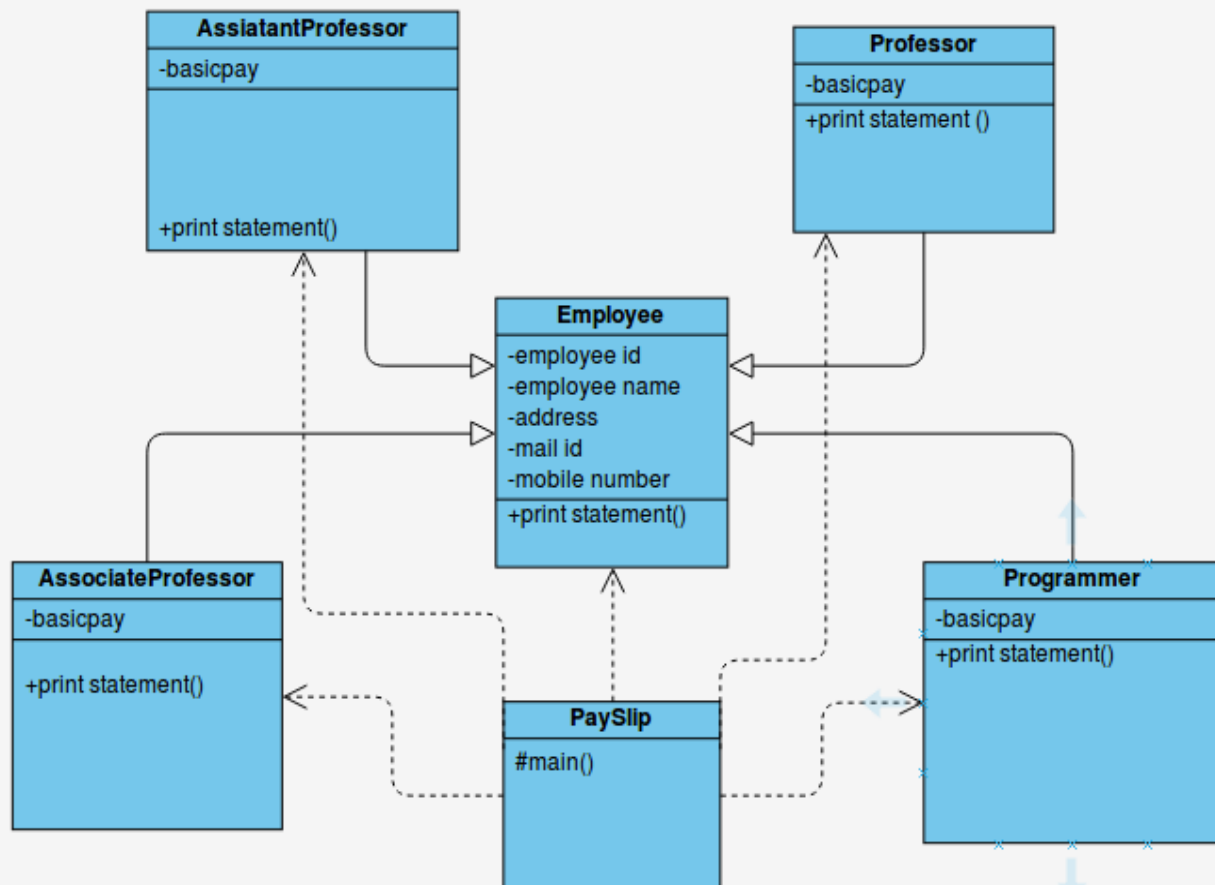

STEP-3 Declare a constant and add the data member

STEP-4 Inherit the classes from the superclass and add the data mameber of basic pay

STEP-5 Calculate the gross salary and net salary based on the inheritance,

STEP-6 Display the payslip bill

## CLASS DIAGRAM:

## PROGRAM:
